

CAPABILITY STATEMENT

RJG Solutions LLC is a joint venture between SigNetCyber, a Service-Disabled Veteran-Owned Small Business (SDVOSB), and JGMS Government Services (JGMS-GS). Together, we provide solutions to federal government agencies, specializing in applied engineering, technology, environmental management, and project management. With over 20 years of combined experience, our team is dedicated to delivering high-quality, compliant services tailored to meet the unique needs of federal agencies. From talent acquisition and workforce augmentation to systems integration and cybersecurity, RJG Solutions is your trusted partner for mission-critical operations across the federal landscape.

CORE SERVICES

APPLIED ENGINEERING

We offer facilities systems analysis, project management, and lifecycle analysis to optimize infrastructure and ensure effective project execution.

APPLIED SCIENCE

Our environmental management, sustainability, and health & safety management services support compliance and regulatory goals for federal clients.

APPLIED TECHNOLOGY

We deliver comprehensive cybersecurity solutions, software development, and systems integration to secure federal operations and enhance technological efficiency.

PROFESSIONAL SERVICES

Our team provides vital administrative support, including records management, procurement assistance, and office management, ensuring smooth government operations.

TALENT ACQUISITION AND WORKFORCE AUGMENTATION

We offer flexible and scalable workforce solutions to meet federal agency needs. Our focus is on providing skilled professionals in IT, engineering, and project management, ensuring agencies have the resources they need to succeed.
